

CONTENTS

THE JOURNAL OF ARACHNOLOGY

VOLUME 12

FALL 1984

NUMBER 3

Feature Articles

- The phenology of winter-active spiders, *C. W. Aitchison* 249
- Influence of temperature on the copulation duration of *Lycosa*
malitiosa Tullgren (Araneae, Lycosidae), *Fernando G. Costa*
and *J. Roberto Sotelo, Jr.* 273
- Ananteris luciae*, nouvelle espèce de scorpion de l'amazone brésilienne
(Scorpiones, Buthidae), *Wilson R. Lourenço* 279
- Redescription of *Tityus crassimanus* (Thorell, 1877), and its junior
synonym *Tityus antillanus* (Thorell, 1877) (Scorpiones, Buthidae),
Oscar F. Francke and *Jorge A. Santiago-Blay* 283
- The genus *Nannochelifer* Beier, with a new species from the Coral Sea
(Pseudoscorpionida, Cheliferidae), *Mark S. Harvey* 291
- Low temperature feeding by winter-active spiders, *C. W. Aitchison* 297
- How crab spiders (Araneae, Thomisidae) hunt at flowers, *Douglass H. Morse* 307
- New and redefined species belonging to the *Paruroctonus borregoensis*
group (Scorpiones, Vaejovidae), *Richard M. Haradon* 317
- The pseudoscorpion genus *Microbisium* in North and Central America
(Pseudoscorpionida, Neobisiidae), *Sigurd Nelson, Jr.* 341
- Redescripción de *Bothriurus bocki* Kraepelin, 1911 (Scorpiones,
Bothriuridae), *Emilio A. Maury* 351
- Secondary use of the removed orb web by *Mecynogea lemniscata* (Walckenaer)
(Araneae, Araneidae), *James E. Carico* 357
- Rate of predation by a kleptoparasitic spider, *Argyrodes fissifrons*, upon
a large host spider, *Agelena limbata* (Araneae), *Koishi Tanaka* 363

Research Notes

- Anti-predator behavior of *Achaeearanea tepidariorum* (Theridiidae) towards
Stenolemus lanipes (Reduviidae): Preliminary observations,
Maggie Hodge 369
- The egg sac of *Pityohyphantes costatus* (Hentz) (Araneae, Lyniphiidae)
and its phorid parasite, *Raymond L. Manuel* 371
- Venom spitting by the green lynx spider, *Peucetia viridans* (Araneae,
Oxyopidae), *Linda S. Fink* 372

Others

- Instructions to Authors 374
